

PARKER FAWCETT

Herriman, UT | Parkerscottfawcett@gmail.com | 801-500-2924 | parkerfawcett.com | github.com/Parker-Fawcett

PROFESSIONAL SUMMARY

Enterprise AI Skills Engineer and independent researcher specializing in agentic software engineering and LLM migrations. Proven track record architecting enterprise-grade AI infrastructure, developing open-source QA tooling, and scaling B2B SaaS platforms.

EDUCATION

Herriman High School & Jordan Applied Technology Center (JATC) | Herriman, UT

Expected Graduation: June 2028 | GPA: 3.8

Coursework: AP Language, AP World History, AP Human Geography; Concurrent Enrollment (SLCC: AutoCAD, Business Fundamentals, Personal Finance).

Academic Honors: Selected as a core case-study subject by Brigham Young University (BYU) faculty for a quantitative research study on youth pioneers in emerging business and automated systems.

SKILLS

BUSINESS:	GTM Strategy, B2B Sales, Market Research, Agile/Scrum, Financial Modeling
STACK:	Python, SQL, TypeScript, Next.js 14, React, Node.js, PostgreSQL, Snowflake, Redis
AI & INFRA:	Claude Code, Groq AI, OpenRouter, RAG Pipelines, Docker, Vercel, Supabase, Twilio, MCP

CORPORATE & STRATEGY EXPERIENCE

CHG Healthcare | AI Skills Engineer (Enterprise Data & AI Team)

June 2026 - Present

- Engineered a centralized repository to eliminate cross-repo drift, auto-provisioning updates to downstream daughter repos.
- Architected context-aware plugins with MCP servers, automated hooks, and sub-agents to integrate the central taxonomy into the dev workflow.
- Enabled dynamic context-sensing so Claude answers natural-language queries and proactively suggests relevant repository skills while developers code.
- Automated data ingestion pipelines (Python, SQL, Snowflake), eliminating manual human PR review and driving exponential time savings across a 60+ person division.
- Promoted from intern to full-time prior to junior year of high school by VP of Data & AI.

Upwork & Independent Consulting | Freelance Technical Consultant

2025 - Present

- Architect and deploy custom web applications, API integrations, and e-commerce infrastructures (React, Node.js) for international SMB clients.
- Re-engineered an apparel client's social marketing funnel by restructuring video content, converting passive traffic into verified leads and mitigating attrition.

ENTREPRENEURIAL VENTURES & RESEARCH

Rebuild-Dossier (Open Source) | Creator, Sole Author & Lead Maintainer

2026

- Sole author of "Rebuild Dossier: Mechanically-Enforced Specs for Agentic App Rebuilds, and What Model-Tier Failures Reveal." Submitted to Empirical Software Engineering (EMSE) after arXiv endorsement by Presset Lutz.

- MIT-licensed evaluation tool with 512 unit tests across 83 files using mechanically-enforced interface contracts.
- Applied for LTFF research grant to expand benchmarking and study structural failure modes of higher-tier models.
- Solved the 0% behavioral equivalence bottleneck with a zero-destruction mutation testing pipeline using AST parsing and Playwright.

Skora (formerly AdmitPath) | Co-Founder & CEO

2025 - Present

- Leading a beta pilot; driving early-adopter acquisition through Product Hunt launch and Trustpilot reputation pipelines.
- Engineered B2B GTM engine (Project Hermes) with 95% feature parity to tier-1 outreach platforms (\$3K-\$15K/mo) at \$0 marginal cost.
- 4-provider waterfall data validation and 26 dynamic conversion angles via Docker/Caddy with automated CAN-SPAM compliance.

Fawcett Capital LLC | Founder & Managing Director

2024 - Present

- Legal holding entity centralizing financial reporting, compliance, and merchant processing for SaaS and e-commerce ventures.
- CatchAndTrade: trading-card marketplace tracking 20,000+ collectibles with sub-200ms queries, real-time grading and OCR.

LEADERSHIP & ECOSYSTEM DEVELOPMENT

JATC & Cypress Credit Union Summit | Lead Event Coordinator | 2026 - Present

- Spearheaded district-wide entrepreneurship conference for hundreds of students: logistics, branding, budgeting with Cypress Credit Union.

Code Elevation | Founder & Executive Director | 2025 - 2026

- Founded regional youth coding competition for 30+ participants; negotiated Pluralsight and CHG Healthcare sponsorships; \$1,650 prize pool.

Angel's Hands Foundation (501c3) | Head of Digital Marketing | 2025 - Present

- Manage digital systems and omnichannel campaigns (SEO, social) accelerating recurring donor acquisition.
